Overview of Adobe Partner Connection Program

The primary goal of the Adobe Partner Connection Program is to reward Adobe partners for helping to drive our mutual strategic objectives.

- Grow profitable revenue
- Drive greater account penetration
- Acquire new customers
- Keep customers current on Adobe's latest technology innovations

We believe that together with our partners, we can achieve these goals. We are committed to rewarding partners who work toward these goals through better partner program infrastructure, training, and incentives. Adobe will provide both financial incentives, such as rebates, deal registration, and/or marketing funding, and non-financial incentives, such as NFR software, training, and public recognition, to partners who work with us to drive these objectives.

Programs and partner types

A primary goal of the Adobe Partner Connection Program is to recognize and reward the unique competencies of each partner. To do this, it is important to identify the role that each partner plays. The Adobe Partner Connection Program consists of two unique programs designed for distributors and resellers. In addition, when a partner focuses on a unique vertical market such as education, government, or ProVideo, the Adobe Partner Connection Program will treat these attributes differently and reward for unique areas of focus or specialization.

Partner types that do not focus on desktop product sales, including solution partners, Connect partners, Omniture partners, OEM/ISV partners, and system integrators, are not included in the Adobe Partner Connection Program and will continue to be run as separate programs at this time.

Reseller Program overview

Eligibility to join the Reseller Program is open to all businesses that sell or influence the sale of Adobe software products to end user customers. Participation in the program is required for access to the broadest set of pricing and licensing options. Non-participating resellers will not have access to resell any Adobe shrinkwrap or licensing offerings.

The description of the program that follows is an integral part of the Adobe Partner Connection Program Agreement and is designed to be read in conjunction with the Program Agreement that must be executed by each participating reseller. The terms and conditions of the Program Agreement shall apply to each reseller's participation in the Adobe Partner Connection Program. Any terms and definitions covered here shall have the same meaning as set forth in the Program Agreement.

Adobe retains the right, by email notification and other communication posted to the Adobe Sales Center, Adobe Partner Connection Portal, or any other similar partner/reseller communication website, to effect and announce changes to the Program Guide and to the policies and procedures described in this document and such changes that will be deemed to be incorporated herein by reference. Any changes will be effective 30 days from the date of the announcement. All new versions of the Program Guide shall

supersede and replace all prior and existing versions of the Program Guide. All support and resources provided by Adobe are subject to availability. The Adobe Partner Connection Program is defined as a worldwide program and leverages a common framework for Adobe partners across the globe. This document reflects the regional implementation of the framework for Latin America (Mexico, Brazil, and Strategic Latin America [all other countries in Central and South America and the Caribbean.]

Participation in the Reseller Program is subject to approval by Adobe. Without prejudice to Adobe's right to reject any potential reseller from participating in the Reseller Program, Adobe reserves the right change the requirements to join the Reseller Program at any time. Reseller will treat all materials relating to the Adobe Partner Connection Program, including this Program Guide, as confidential and will only disclose such information to a person who is an employee of Reseller and who is obligated to keep such information confidential.

Reseller Program levels

The Reseller Program rewards four different levels of engagement with Adobe: Platinum, Gold, Certified, and Registered. Resellers not participating in the Reseller Program will not have access to any Adobe shrinkwrap or licensing offerings.

Reseller Program level definitions

Registered - The Registered level allows resale of Adobe commercial shrinkwrap and TLP commercial, education, and government products. It requires an online click-through agreement for each reseller.

Certified - In addition to the benefits of the Registered level, Certified Resellers are eligible to sell Adobe's Cumulative Licensing Program (CLP) and Value Incentive Plan (VIP)* programs. Certified Resellers also have the option to be listed in the Partner Finder.

* VIP may be sold only in countries authorized by Adobe. Reference the document "VIP Authorized Countries" available on the Adobe Partner Connection Portal at <http://www.adobe.com/ap/partners>.

Gold - The Gold level requires a reseller to meet the requirements for both the Registered and Certified levels and to have been an Adobe reseller in the Adobe Partner Connection Program for a minimum of six (6) months. Gold Resellers are eligible for deal registration. Gold Resellers may be eligible for NFR (not-for-resale) software at Adobe's sole discretion.

Platinum - The Platinum level requires the highest level of performance and engagement in the Adobe business. In return, it provides the reseller with the richest level of benefits in the Reseller Program. Platinum level resellers must meet all of the requirements for the Registered, Certified, and Gold levels, plus the additional requirements of the Platinum level. In addition to access to deal registration and an Adobe Account Manager, Platinum Resellers are eligible for performance incentives in the form of quarterly rebates and may be eligible for marketing funding at Adobe's sole discretion.

Restrictions on non-participating resellers

Only participating resellers will have access to any Adobe offerings. In addition, resellers in the Reseller Program at any level are prohibited from reselling Adobe products on public online marketplaces.

VIP terms and conditions and account administration

The VIP Member is required to accept the terms and conditions; Resellers are not permitted to accept on the Member's behalf. When inviting a new VIP Member to join VIP, the Reseller must send the email invitation to the potential Member.

Also, a Reseller may not serve as the primary administrator, but the VIP Member may appoint its Reseller Account Manager as an additional administrator to help manage the Member's account.

Annual Requirements

The Gold and Platinum levels require a minimum revenue and/or VIP unit threshold to enter or maintain status at that level. The revenue requirement will be calculated based on annual Total Qualifying Revenue (see Definitions). At any point during the year that a reseller meets the annual revenue and VIP unit requirements for the previous four (4) quarters, that reseller can apply for the corresponding membership level.

Annual Requirements by reseller level and Market Area (in USD):

In addition to the VIP units and Total Qualifying Revenue requirements listed below, all Gold and Platinum Resellers must also transact a minimum of one (1) VIP sale in each of the preceding four (4) Adobe fiscal quarters. Platinum Resellers must also have a Dedicated Adobe Product Line Manager with a 100% time commitment to Adobe.

Reseller level	Brazil & Mexico		Chile & Colombia		Peru & Argentina		All other countries in Latin America	
	Revenue	VIP Units	Revenue	VIP Units	Revenue	VIP Units	Revenue	VIP Units
Registered	\$0	0	\$0	0	\$0	0	\$0	0
Certified	\$0	0	\$0	0	\$0	0	\$0	0
Gold	\$150,000	800	\$100,000	600	\$70,000	450	\$50,000	300
Platinum	\$1,200,000	2,000	\$800,000	1,400	\$600,000	1,000	\$300,000	650

Revenue = Total Qualifying Revenue as defined below

VIP Units = All SKUs sold through the VIP program only. All market segments, new and renewal, full and partial subscriptions. Creative Cloud includes complete and single app, named user and device-based licenses. Adobe Sign transactions are applied at a ratio of 150 transactions = 1 VIP unit.

Note: If a reseller has Reseller Locations in multiple market areas, the reseller must meet the Annual Requirements for each market area to qualify for the desired membership level in that market area.

Sales territory requirements

Resellers who meet all of the criteria required for participation in the Adobe Partner Connection Program and who successfully complete the enrollment process, including accepting the Program Agreement, will be eligible to sell Adobe products in the following sales territories.

Reseller level	Reseller Location	Sales Territory
All	Brazil	Brazil
All	Mexico	Mexico
All	Strategic Latin America	Strategic Latin America (see Market Area in the Definitions section for a complete list of countries.)

Reseller Program benefits

The Reseller Program is designed to offer rich benefits for partners who develop a deep expertise in the Adobe business and align their goals and objectives accordingly. There are varying levels of benefits for each Reseller Program level.

Adobe's program of benefits includes deal registration, performance incentives (rebates), marketing funds, and non-financial benefits. These benefits will be awarded to those resellers that meet Adobe's expectations for growing the business and increasing customer loyalty.

Reseller financial incentive overview

The Reseller Performance Incentive Framework defines the package of financial incentives that Adobe offers to resellers who meet high performance objectives such as revenue target achievement, unique quarterly goals (such as by vertical market or product), and demand generation, particularly with new customers. These incentives include performance incentives (rebates), deal registration rebates, and marketing incentives. Eligibility to receive financial incentives depends on a reseller's current standing with Adobe and level in the program (Registered, Certified, Gold, or Platinum). The diagram below illustrates which financial incentives are available at each Reseller Program level.

	Registered	Certified	Gold	Platinum
Deal Registration			✓	✓
Quarterly Rebates				✓
Marketing Funds				At Adobe's discretion

Deal Registration Incentive

The Deal Registration Incentive is designed to reward Adobe resellers for generating demand for Adobe products. Adobe Partner Connection resellers at the Gold and Platinum levels are eligible to participate in the Deal Registration Incentive. All eligible resellers may register commercial opportunities. Resellers must have the appropriate market specializations to register education or government opportunities.

Overview and reward calculation

Adobe relies on its reseller partners to create demand for our products by presenting them to customers, explaining features and benefits, and supporting the entire sales cycle from first evaluation to purchase. Adobe wishes to reward those resellers that become trusted advisors to these customers, particularly in light of a competitive environment when customers have ample choice of Adobe resellers from which to purchase. In order to support customer choice and to compensate committed and competent resellers, Adobe offers the Deal Registration Incentive to reward activities that lead customers toward evaluating and adopting an Adobe solution.

Deal registration involves a monetary incentive for validated, forecasted purchases of Adobe products. Once the sale closes (the customer has purchased the product), the reseller that forecasted and registered the

purchase (and received approval from Adobe), and submitted the qualifying purchase order, will receive the reward.

Deal Registration Incentive

Eligible resellers who meet all contractual requirements and who comply with the process and requirements for deal submission (outlined below), will be eligible to receive the following benefits:

Buying program/s	Payout per deal	Deal characteristics & criteria	Additional qualification criteria
VIP	10% reward	10+ unit deal. All Creative Cloud SKUs sold through the VIP program. Adobe Stock is included. Full year or any pro-rated duration. New subscriptions only; renewals are not eligible. Multi-year purchases are paid out on only the first 12 months. Education only. Creative Cloud for education deals may mix and match named user and device-based licenses. K-12 School Site License is eligible subject to the 100-unit minimum.	Must be a new opportunity; Must have proof of value-added activities and active selling. Must identify the opportunity and place the qualifying order. Available only in countries authorized by Adobe. See the "Definitions" section of this document.

Available in all vertical markets. Adobe Sign transactions must have a minimum of 1,500 transactions, or 150 transactions = 1 VIP unit. 	All other VIP products: 10% reward		
VIP	5% on qualifying VIP renewal opportunities	At-risk VIP renewal opportunities identified by Adobe based on the VIP Member's expected renewal rate. See additional details below.	Platinum Resellers only

For approved deals that are both identified (sourced) and closed (by submitting the qualifying order) by a single reseller, the "sourcing and selling" reward will be provided to the reseller. Deals that are identified (sourced) by one reseller, but closed by another reseller, are not eligible for a rebate.

Opportunities eligible for deal registration

Deal registration opportunities must be Net New to Adobe at the time of registration to be eligible for the Deal Registration Incentive. Net New means an opportunity that is both new to the Deal Registration Incentive and new to the Adobe sales pipeline (i.e. not renewal of an existing VIP, CLP, or term-based license.) Upsell opportunities for existing customers are eligible; however, note that new license SKUs for upsell opportunities may not be submitted on the same purchase order as renewal SKUs. Opportunities that are the result of switching buying programs, e.g. ETLA > VIP, are not eligible for deal registration. For VIP multi-year commit deals, only the value of the first 12 months is eligible for deal registration payout.

If Adobe finds that you have registered an ineligible opportunity, we reserve the right to (i) back out such transactions from your deal registration payout, or (ii) debit any future payments by the ineligible amount, if the relevant rebate has already been paid.

ETLA opportunities are ineligible for the Deal Registration Incentive.

Products eligible for deal registration

All products available on the VIP price lists are eligible for deal registration. Perpetual licenses (TLP, CLP, FLP) are not eligible for deal registration.

Other Adobe products such as Adobe Marketing Cloud, LiveCycle, and Connect are not eligible as part of this Deal Registration Incentive; however, they may be eligible for separate deal registration programs.

Qualifying Revenue

For all orders that are purchased through an Authorized Adobe Distributor, Qualifying Revenue is based on the Adobe Estimated Street Price ("List Price").

Order eligibility

Unless otherwise noted, VIP renewals are not eligible for deal registration.

All opportunities are capped at \$500,000 USD of eligible products.

To be eligible for deal registration payout, orders must be placed at least one day prior to the opportunity expiration date, and the latest submit date must be at least one day prior to the order date.

Opportunities submitted and/or booked outside of the reseller's home region are ineligible for the Deal Registration Incentive (whether or not the reseller holds the Worldwide Specialization).

VIP Renewal deal registration

Qualifying at-risk VIP renewal opportunities are identified by Adobe based on the VIP Member's expected renewal rate. Each eligible Platinum Reseller will receive a quarterly list from Adobe with their eligible opportunities. Only opportunities on the list provided by Adobe are eligible for this incentive. To be eligible for deal registration payout, the net-to-Adobe renewal must be at least 100% of the Member's Renewal Opportunity. The Member's Renewal Opportunity is the net-to-Adobe renewal value of all of the Member's existing licensing when the Member's VIP renewal order is placed. The net-to-Adobe renewal value may be represented by any of the following:

1. Renewing 100% of the Member's existing licenses.
2. Expanding the number of licenses.
 - Adding licenses of an existing eligible product. (See Terms and Conditions for eligible products.)
 - Adding a new eligible product such as Adobe Stock or Adobe Sign.
3. Upselling to an eligible product with a higher price point (such as Creative Cloud for teams > Creative Cloud for enterprise or Creative Cloud Single App > All Apps).

When submitting a VIP renewal opportunity to the Deal Registration Incentive, include all of the following information:

1. Select Licensing Program: VIP and Licensing Program Type: Existing.
2. Enter the eligible VIP Agreement Number in the VIP/EA/CLP Agreement Number field.
3. Include "VIP Renewal" in the opportunity name.

Terms and Conditions

- Eligible products include all SKUs ordered through VIP only, with the exception of K-12 SKUs.
- Commercial, government, and Higher Ed only. K-12 opportunities are ineligible.
- At-risk renewal opportunities identified by Adobe only.
- Minimum threshold of 10 renewal licenses (i.e. 10; licenses were included in last year's order that will be renewed this year).
- Minimum of 100% of the net-to-Adobe value of Member's Renewal Opportunity.
- Available to Platinum Resellers only.
- Available to the Incumbent Reseller only.
- The Incumbent Reseller is defined as the reseller of record on the prior year's order (new or renewal).
- VIP renewal opportunities must be under VIP agreements whose 60-day renewal window (Anniversary Date +/- 30 days) ends in the specified quarter.
- The customer must place the renewal order through the same reseller, and the VIP agreement number must be the same as the VIP agreement number of the prior year's order.
- TLP, CLP, FLP, and ETLA opportunities are ineligible.
- New opportunities without a qualifying renewal are ineligible.

Minimum thresholds

For Creative Cloud VIP-only opportunities, a 10-unit minimum deal size is required. The 10-unit minimum threshold can be achieved with either full-year or pro-rated Creative Cloud SKUs available through VIP only. Any combination of complete and single app units may be used to meet the VIP minimum unit threshold. For Creative Cloud for education opportunities, any combination of named user and device-based licenses may be used to meet the VIP minimum unit threshold.

For Document Cloud VIP-only opportunities, a 10-unit minimum deal size is required. The 10-unit minimum threshold can be achieved with either full-year or pro-rated Document Cloud subscription SKUs available through VIP only. Any combination of Document Cloud (including Adobe Sign) subscription SKUs may be used to meet the VIP minimum unit threshold. Adobe Sign transactions must have a minimum of 1,500 transactions, or 150 transactions = 1 VIP unit.

Deal Registration Incentive Terms & Conditions

- All orders must be placed at least one day after the submit date on the opportunity.
- All orders must be placed prior to the expiration of the opportunity.
- All Deal Registration Incentives rebates must be claimed within 30 days of the order date.
- Opportunities are valid for 90 days from the approval date.
- A single 30-day extension may be requested through the system prior to the expiration date of the opportunity.
- Eligible products on the order must meet or exceed the applicable payout threshold to earn rebate, even if the opportunity was approved at a lower amount.
- The customer account name on the opportunity must match the customer account name on the order.
- Orders must be for customers within the reseller's designated territory.
- Orders fulfilled through adobe.com are not eligible for the Deal Registration Incentive.
- Orders for a reseller's own use are not eligible for the Deal Registration Incentive.

Only purchases effected by a third party customer to the fulfilling reseller shall be eligible for the Deal Registration Incentive. Under no circumstance will purchases made for internal use by an Adobe channel member, including another reseller, be eligible to qualify for a reward under this incentive. Additionally, deals sourced by Adobe, another reseller, or another distributor and provided to a reseller to fulfill are not eligible for the Deal Registration Incentive.

Orders placed through adobe.com are not eligible for deal registration.

Opportunities originating from customer RFP / RFQ bid scenarios may be rejected unless there is adequate justification to show the reseller is adding value to the opportunity; for example, by promoting Adobe if the solution is ambiguous or references an Adobe competitor. Opportunities sourced from bid boards are not eligible for the Deal Registration Incentive. Opportunities or leads provided to the reseller by Adobe are not eligible for the Deal Registration Incentive. Adobe reserves the right to revoke any opportunity that has been approved if it is discovered that the reseller uncovered the opportunity from a bid board or as a result of a published RFP / RFQ, or received the lead from Adobe.

Reseller is specifically forbidden from splitting an order received from a customer into multiple orders for the purpose of qualifying the orders for Deal Registration Incentive eligibility, to receive a higher payout, or to avoid the cap of \$500K USD per qualifying order.

After an opportunity expires, it cannot be extended or re-registered. Deal registration payouts will expire, without exception, four (4) months from the date on which Adobe makes the first attempt to make payment to the reseller, if valid reseller banking information is not on file with Adobe. Opportunities that are denied for payment may be appealed only within four months of the order date. Opportunities may be denied for payment if a qualifying order is not submitted, if the opportunity is not claimed within 30 days, if the order is placed prior to the opportunity submission date, or if any other terms and conditions for payout are not met.

In the event that two opportunities are submitted (whether or not they are approved) and are later found to be the same deal, the rebate will be provided to the reseller who registered the first approved opportunity. Resellers submitting subsequent registrations for the same opportunity will have their opportunity revoked and will not receive a rebate, regardless of involvement in the opportunity.

Resellers agree to preserve the confidentiality of the Deal Registration Incentive and all related program materials. Information about the Deal Registration Incentive is not to be shared with end-user customers. 10

In the event that Adobe has reasonable suspicion that a reseller has violated any of the terms described above with the submission of an order, including splitting or asking a customer to split an order into two or more parts, for the purpose of qualifying under this incentive, Adobe reserves the right to investigate the matter, including auditing reseller records of purchase orders received from the customer. If Adobe determines the reseller partner is in violation of any of the terms of this agreement, the reseller will be suspended from the Deal Registration Incentive, and may face permanent loss of deal registration participation or overall participation in the Adobe Partner Connection Reseller Program, at the sole discretion of Adobe.

In the event that a reseller loses its status in the program, this reseller will have thirty (30) days from the date of the loss of status to submit any outstanding claim with Adobe with regard to the Deal Registration Incentive. After this period, all opportunities and/or claims will be considered expired and the reseller will no longer be eligible for the reward. Please note that the reseller’s Sales Center account will be blocked when the reseller’s account is suspended or terminated. If this occurs, the reseller must work with their Adobe Account Manager or other Adobe representative to close out any outstanding eligible opportunities and/or claims.

Revocation of deal registration opportunities

On occasion, Adobe may decide to revoke an opportunity that was previously approved. Scenarios whereby Adobe may revoke a registration are as follows:

- Administrative error by Adobe. (Examples: System error, human error, a duplicate registration was discovered including those where the parent company may have subsidiaries under differing names.) In cases of administrative error, Adobe will make commercially reasonable efforts to notify the reseller as soon as the discrepancy is discovered.
- The opportunity record has not been updated for more than 90 days.
- It comes to Adobe’s attention after approval that any of the information provided in the submitted registration application was falsified, inaccurate, misleading, incomplete, or omitted.
- The application is accepted after the expiration or termination of the reseller agreement with Adobe and any of its addenda.
- The reseller is in material breach of their reseller agreement with Adobe or any of its addenda.
- The customer has notified Adobe in writing that the reseller is unwilling or unable to adequately support the opportunity and no longer desires to work with the reseller.
- The reseller has notified Adobe in writing that they are unable or unwilling to support the customer opportunity, yet has not voluntarily cancelled their registration.
- It comes to Adobe’s attention that the reseller has failed to actively promote Adobe within the opportunity.

Adobe will make commercially reasonable efforts to notify the reseller prior to revoking any opportunity.

Rebate performance payout

At the end of each fiscal quarter, Adobe will calculate each Platinum Reseller’s performance and corresponding payout rate for each component of the rebate program and generate a total quarterly payout rate for the reseller. The payout rate will be paid out on Qualifying Revenue as indicated in the quarterly rebate letter. Adobe reserves the right to exclude any Adobe-led deal from Qualifying Revenue.

Upon the close of the quarter, the Adobe Account Manager will examine the revenue targets, revenue target achievement, and performance of each reseller. In addition, the Adobe Account Manager will verify compliance with contractual obligations such as end-user sell-through data reporting. If a partner has achieved the targets specified and complied with all mandatory contractual obligations, the rebate will be paid. The decision of Adobe and of its representatives on any claim or dispute to the targets is final.

Before placing any order for Software Products (other than shrink-wrap orders), Reseller must ensure that it has received corresponding order documentation from the End User for the Software Products. If Adobe finds acceptable order documentation has not been received by the Reseller in advance of placing an order, then Adobe may (i) back out such transactions from Reseller’s financial incentives (e.g., deal registration payout and rebate qualifying revenue), or (ii) debit any future payments to Reseller by any amount previously awarded due to such transactions.

Any administrative fees associated with use of the Channel Return Exception Policy will be deducted from the reseller rebate. The Channel Return Exception Policy is available on the Adobe Partner Connection Portal or from your Adobe Order Management representative.

All rebate payouts will be made via wire transfer.

Adobe may, by email notification or other communication posted to the Sales Center or other similar partner communication vehicle, announce permanent or temporary modifications to the Revenue or Flexible Performance Incentive terms. Such changes shall become effective from such time as determined by Adobe at the sole and reasonable discretion of Adobe.

Weekly pipeline reporting requirement

All Platinum Resellers must submit a weekly pipeline report to their Adobe Channel Account Manager no later than 12:00 pm (in each partner’s local time zone) on Monday each week in the quarter. The pipeline report template will be provided. Partners must use the provided template for their weekly pipeline report.

Failure to submit the weekly pipeline report on time will result in the following rebate deductions:

Occurrence	Deduction
1 missed or delayed report	.5% deduction in total VIP Incentive payout (including any accelerator payout)
2 missed or delayed reports	1% deduction in total VIP Incentive payout (including any accelerator payout)
3 or more missed or delayed reports	Ineligibility for any VIP Incentive payout (including any accelerator payout) for the quarter

Marketing funds

Platinum Resellers may be eligible for access to Adobe marketing funds. These are one-off marketing contributions, generally available for specific marketing activities and to drive end-user demand generation. The amount and purpose of these funds will be made available at the sole discretion of Adobe and will be subject to additional terms and conditions, which resellers must accept in order to receive marketing funds.

Adobe marketing personnel will inform qualifying Platinum Resellers, when applicable, of the availability of such marketing funds and of the conditions and selection criteria for their availability.

Marketing funds are made available for the sole purpose of actively planning and implementing marketing activities for Adobe products. All marketing activities, whether funded by Adobe or not, must be in accordance with Adobe's policies regarding advertising and trademark usage as established from time to time by Adobe and made available on the partner portal or otherwise as provided by Adobe to resellers.

All marketing activities shall be carried out in accordance with applicable laws and regulations, even if Adobe has approved such an activity with respect to Adobe funding, and resellers agree that Adobe is in no manner whatsoever responsible for rendering legal or financial consultation services to resellers.

Funds will expire, without exception, two (2) quarters from the first day of the quarter in which they are made available to the reseller, if not claimed. Funds that have not been claimed or have not been allocated for a specific activity 30 days prior to their expiration may be reclaimed by Adobe without further notice.

Onboarding

Adobe wishes to create business relationships only with resellers that meet the company's business objectives and criteria for integrity and compliance. Therefore, all resellers wishing to participate in the Reseller Program, including applying for a higher level of membership or a specialization, must successfully complete Adobe's onboarding process.

For a new reseller applying at the Registered level, onboarding involves completing a short online enrollment process.

For an existing reseller wishing to apply to the Certified or Gold membership level or add a specialization, onboarding involves completing an online code of conduct training and submitting an additional online application. This application may include compliance-related questions and additional questions to help Adobe evaluate whether the reseller meets the criteria required for the new membership level or specialization. Adobe will use this questionnaire as well as other performance metrics to determine whether the reseller meets the criteria to be accepted to the new membership level or specialization.

For Platinum Resellers, much of the onboarding process is conducted offline in partnership with an Adobe account manager. Platinum Resellers must also complete compliance training and

participate in Adobe's global vetting and onboarding process for channel partners who wish to be considered direct business partners with Adobe. This additional onboarding consists of more in-depth due diligence processes, e.g. those related to the U.S. Foreign Corrupt Practices Act ("FCPA").

For resellers upleveling to the Platinum level, all benefits associated with the new level will apply beginning on the first day of the Adobe fiscal quarter after the reseller's uplevel request has been approved by Adobe.

Participation in the enrollment process does not guarantee acceptance to the Adobe Partner Connection Program or approval of any specialization application. Without prejudice to Adobe's right to reject any potential reseller from participating in the Adobe Partner Connection Program for any reason, Adobe reserves the right to change the application process and requirements to join the Adobe Partner Connection Program at any time.

Onboarding steps for a Registered, Certified, or Gold Reseller:

This process is followed for new and uplevel requests.

1. Reseller completes online enrollment questionnaire specific to the desired level.
2. Reseller accepts click-through program agreement.
3. (For Registered level only) Reseller receives automatic approval via email.
(For Certified and Gold levels) Adobe evaluates reseller's application and confirms acceptance or denial at the desired program level or specialization. Adobe's evaluation includes review of the reseller's compliance questionnaire and confirmation that the reseller meets all of the requirements of the desired level or specialization, including and required personnel, completion of required code of conduct training, minimum revenue and/or unit criteria, time required at a previous level, and any other requirements.
4. Reseller is provided with systems access, including access to the Adobe Partner Connection Portal and Sales Center (Gold and above).

Onboarding steps for a Platinum Reseller:

1. Reseller completes offline compliance questionnaire.
2. Adobe conducts due diligence compliance onboarding process.
3. Adobe evaluates reseller's application and confirms acceptance or denial. Adobe's evaluation includes review of the reseller's compliance questionnaire and confirmation that the reseller meets all of the requirements of the Platinum level, including any required personnel, completion of required code of conduct training, minimum revenue and/or unit criteria, 12 months minimum as a Gold Reseller, success against previous performance criteria, and any other requirements.
4. Reseller and Adobe execute hardcopy program agreement.
5. Reseller and Adobe meet to discuss objectives and strategies for the upcoming quarter/s.

For resellers at all levels, all of the above steps must be completed for each subsequent annual renewal.

Ongoing performance evaluation

On a quarterly basis, Platinum Resellers will meet with their Adobe account managers for a joint discussion of reseller performance against objectives and to discuss objectives and strategies for the upcoming quarter. This quarterly review will include both a focus on the previous quarter's performance as well as a look ahead to readjust strategy to achieve goals the next quarter. These quarterly reviews are an opportunity for resellers to get a preview of Adobe's strategy for the upcoming quarters and to align sales and business objectives accordingly.

Down-leveling

Adobe reserves the right to conduct an evaluation of a reseller's program level at any point in time. A formal evaluation will take place on an annual basis. In the event Adobe determines that a reseller no longer qualifies for their current program level, Adobe may assign the reseller a new level based on their current qualifications. In such an event, Adobe will notify the reseller of its change in program level.

Down-leveling will also result in a reseller's benefits being adjusted to those appropriate to the new level.

Certified Resellers - Certified Resellers being down-leveled to Registered will lose access to all Adobe pricing and licensing programs applicable to the Certified level and any specializations they may have attained.

All other benefits of the Registered level will remain in full effect.

Gold Resellers - Gold Resellers being down-leveled to the Certified level will lose the ability to submit new opportunities to the Deal Registration Incentive effective immediately. Resellers will have 60 days to claim any opportunities that have already been submitted and approved by Adobe.

All other benefits of the Certified level will remain in full effect.

Platinum Resellers - Platinum Resellers being down-leveled to the Gold level will not be eligible for quarterly rebate in future quarters. If a Platinum Reseller is down-leveled during an Adobe quarter, quarterly rebate will be paid at the end of the period if objectives are met per the terms of the quarterly rebate letter. Platinum Resellers being down-leveled to the Gold level will lose access to any dedicated headcount effective on the first day of the following quarter, or as notified by Adobe.

All other benefits of the Gold level will remain in full effect.

Termination

On occasion, it may be necessary for Adobe to terminate its relationship with a reseller. Adobe may terminate a reseller's membership in the program or any benefit provided by the program at any time without cause upon 14 days' notice to the reseller (for Registered, Certified, and Gold Resellers) or 30 days' notice (for Platinum Resellers.)
